## Gisborne YMCA OSCAR Subsidy Application form

### Removing Barriers

We believe that price should not be a barrier to participation especially for children.

We therefore endeavour, either from our benevolent funds, YMCA Strong Kids Campaign or through other assistance, to provide subsidies to assist those who would not be able to afford the normal fees required for our children's programmes and activities.

We ask that you in making this application ensure that your application is both sincere and genuine.

Person for whom the subsidy is being requested:

Surname: _____
Christian name: _____
Address: _____
Phone: _____
Parent/caregiver name: _____
Programme activity/name: _____
I am able to contribute \$ _____ towards the full fee of \$ _____.
Signed: _____ Date: _____

All information in this application will remain confidential to the YMCA and will not be released to any other party without prior permission of the applicant. Please forward this application to the Programme Manager of the Gisborne YMCA. Our reception staff will provide you with an envelope if required.
